THE above are First Class, justly popular, and prompt paying companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvenoy and rollability and honorable dealing, they have but for equals, and no superiors. They are honded upon the very best securities in the world—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, benk, and other stocks, which are subject to the functuations of the market, and liable, in times of panne, as the experience of the past teaches, to become almost, if not entirely, valuelees. And while there are Companies entering the field of competition, well calculated to mislessi by publishing partial and one-sided statements of their condition, and without a cash surplus on hand sufficient to reinsure their outstanding risks, the chove named companies always have and keep over and above their capital tisics the amount, and in most instances four times, needed for the reinsurance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patrolage.

Policies issued without dalay, and farms risks for a series of yours taken at less rates than can be done by Mutual Companies, and a cardendy given instead of an uncertainty. All losses promptly adjusted and paid.

New York Life Insurance Company, CARR CAPITAL OVER • \$1,900,000 all well invested for the benefit of Pellsy holders, so that the profits of this vast sum pay a large proportion of their annual premiums. The speaker prebuilding of a new jail. The speaker presented to the council, in such an impressive manner, the dilapidated and unsafe condition of the icil and the exposure of the tion of the jail, and the exposure of the community to injury at the hands of the escaped prisoners, that they really began to believe that a new jail was indispensable, whereupon a member arose and requested the gentleman who had made the motion to state where he would propose to locate the new building, the style of architecture, probable cost, when to be built, &c. The member, with profound dignity-evidently feeling the responsibility that rested upon him -arose, and, with great carnestness, said : "I propose that a new jail be immediately built; to be located where the old jail now stands: the material of the old jail to be used in building the new one; and that the old jail remain standing until the new one is built!" The effect of this speech on the sage men of the council" can be better imagined than described.

AFRAID OF SNAKES .- There is the greatest coward about snakes up in Calboun that lives in America. He came from the east last spring and bought a form, and for the first six months in the county he hardly slept two hours a night. He had a fine patch of oats on his farm, but was atraid to cradle it. One day he concluded he would take a look to see if there were any snakes in the patch; so he got his old horse and led him through the gap, and laying up the fence to keep the hogs out, he took at old scythe snath in his hand to fight with in case of an attack, mounted the horse, and struck out into the oats, holding his legs high as possible. He hadn't gone far before when he saw a whaling big snake, slipping along the cats after him. Away he went, round and round the patch, and away went the snake right along with him. sometimes on one side and sometimes on the other, sometimes behind and sometimes before. He couldn't get out of the lot because the fence was up, and as the snake kept constantly with him, there was no chance but to urge the old horse and try to keep out of its way. He went it that way till every stalk of oats was trampled down, and until the horse was just about dead, when he discovered that he had been running away from the shadow of his scythe

A cave has been discovered in Alachua county, Florida, which is described. as larger than the Mammoth cave of Kentucky. and as having an ancient Latin inscription on the walls, which states that a party of Danes had visited this cave in the year 1050, and that a priest who accompanied them had left this memorial of their visit. The name of this priest was Marcus Polens, It also stated that these bold navigators had embarked on a voyage of exploration, and had been driven for south; also that they had visited many large islands, and finally had landed in a thickly populated country, where the people had received them kindly, thinkng them superior beings; that several of their number, together with same Greek artisans and two priests, had been left there as a colony. Is this a relie of the party that the Mexicans say visited them 400 years before Cortez landed and taught them the arts of civilized life, or is it a humbug?

THE above are First Class, justly popular, and prompt paying companies. They invite investigation into their condition and sollet husiness ontirely upon their real merits. In point of solvency and rollability and honorable dealing, they have but fine openies, and no superiors. They are founded upon the very best securities in the werid—first class bonds and mortgages upon property in New York and Brooklyn—securities that have not, for the past ten, years, depreciated below par, and are every way more reliable, and permanent than milroad, bank, and other stocks, which are subject to the disctrations of the market, and liable, in times of panie, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, wall calonitate to mislead by publishing partial and ensemble statements of their condition, and without a dast surplus on hand sufficient to reinsure their outstanding risks, the above named compunies always have and keep over and above their capital twice the amount, and in most instances five times, needed for the reliminance of all their risks. With such a foundation, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Mutual Companies, and a certainty given instead of an uncertainty. All losses promptly adjusted and paid.

New York Life Insurance Company, \$1 CASH CAPITAL OVER - = \$1,900,000 all wall invested for the benefit of Polley holders, so that the profits of this vast sum pay a large proportion of their annual premiums. ARREST OF THE KIDNAPPERS-THEIR ESCAPE—RETURN OF THE KIDNAPPED PERsows to Galena.—The Galena Courier of

ago, in pursuit of the two negroes who had been kidnapped from this place, a short time since, returned this morning, bringing with them the two negroes they were in pur-suit of, and, also, another which had been kidnapped by the same persons, some six weeks before, from Dubuque, Iowa. They were decoyed away by a man calling himself George Wilder, who was properly named John Goodwin, and who was accompa-nied by his father in law, named Peter L. Boulton, both residents of Caldwell county Missouri. These two men murdered Jerry Boyd, one of the kidnapped negroes, on the Iowa. These men are respectably connectmiles south of the city of St. Joseph.— They were both arrested near St. Joseph. One of them, Boulton, the first captured, was committed to jail, in St. Joseph, on the charge of kidnapping, in default of \$2,000 bail. The other, Goodwin, was taken charge of by the gentlemen from this city, who prought him within forty miles of Hannibal, Mo., on their way to this place, where he slipped his irons, and jumped from the car window, while the train was running at the rate of 13 miles an hour, and escaped.

About two months ago they succeeded in decoying away, a woman from Dubuque, named Mary Baker, and lately took from this place Mary Boyd, wife of Jerry Boyd, who was murdered, and a mulatto girl about 14 years old, the daughter of a colored woman in this vicinity. When the gentlemen from Galena arrived where these negroes vere, the bargain was made, and the negro buyer was at St. Joseph getting the money to pay for them. The price for them was \$1,700. In the meantime the fact of the murder of Jerry, Boyd came out through Mary Boyd, his wife, and information was sent here of the whereabouts of the negroes and the men.

stated: from Galena, they encamped over night about sixteen miles from Iowa City. Here some movements made by Goodwin and Boulton excited the suspicions of Jerry that all was not right, and he loaded his gun and revolver in the presence of the kidnappers. The next morning Goodwin and Boulton held a consultation, Goodwin urging the necessity of getting rid of Jerry by killing him. While Jerry was sitting down near the wagon, Goodwin stepped up to him, saying, "Jerry, I am afraid of you," and fired, ing, "Jerry, I am afraid of you," and fired, first shooting him in the breast and then in the head. The murder was committed in presence of Mrs. Boyd and the mulatto girl.

A Scene in A Hoosier Common Counthe last meeting of the common council of Jeffersonville, Indiana. After the prelimi-nary affairs of the council were gone thro' with a member arose and stated that the increase of population—and consequently of crime in Jeffersonville, demanded the speedy building of a new jail. The speaker pre-sented to the council, in such an impressive manner, the dilapidated and unsafe condi-tion of the jail, and the exposure of the community to injury at the hands of the escaped prisoners, that they really began to believe that a new jail was indispensable, whereupon a member arose and requested the gentleman who had made the motion to state where he would propose to locate the the style able cost, when to be built, &c. The member, with profound dignity—evidently feeling the responsibility that rested upon him—arose, and, with great carnestness, said: 'I propose that a new jail be immediately built; to be located where the old jail now stands; the material of the old jail to be used in building the new one; and that the old jail remain standing until the new one is built!". The effect of this speech on the sage men of the council" can be better imagined than described.

AFRAID OF SNAKES .- There is the greatlast spring and bought a farm, and for the first six months in the county he hardly slept two hours a night. He had a fine patch of cats on his farm, but was afraid to cradle it. One day he concluded he snakes in the patch; so he got his old horse the fence to keep the hogs out, he took an old scythe snath in his hand to fight with in case of an attack, mounted the horse, and struck out into the oats, holding his before when he saw a whaling big snake, slipping along the oats after him. Away he went, round and round the patch, and away went the snake right along with him, sometimes on one side and sometimes on the other, sometimes behind and sometimes before. He couldn't get out of the lot because the fence was up, and as the snuke kept constantly with him, there was no chance but to urge the old horse and try to keep out of its way. He went it that way till every stalk of outs was trampled down, and until the horse was just about dead, when he discovered that he had been run

Florida, which is described: as lar ger than the Mammoth cave of Kentucky, and as having an ancient Latin inscription on the walls, which states that a party of Danes had visited this cave in the year 1050, and that a priest who accompanied them had left this memorial of their visit. The name of this priest was Marcus Poleus. It also stated that these bold inavigators had em barked on a voyage of exploration, and had been driven far south; also that they had visited many large islands, and finally had anded in a thickly populated country, where the people had received them kindly, think-

ATHENS MARBLE (or Chicago stone.) He is now fitting up extensive saw and scouring mills; and other machinery necessary for working the same, at a great reduction from former

working the same, at a great reduction from farmer prices.

He also wishes to call attention to the fact that sound cutting or dimension stone can only be found at great distances from the surface, and that the Montercy Quarry is the only one in this county that has been worked far enough to reach those formations that are imperishable when exposed to the action of air and frost.

He is also supplying his Quarry with Derricks to facilitate the handling and loading large-stone, and is fit ting up expensive wagons carts and trucks, rigged with the most approved applicates for moving and delivering dimension stone of any size, from two to thirty feet square, and from six to twenty inches thek; or any required length up to one, hundred feet, to any part of the care.

He is prepared to furnish

PLAIN, MOULDED, CARVED OR POLISHED FLACCIN Curbing, Paving, Ruble and Coursing stone of the best quality in the state, all of which wilt be delivered at his Quarries or any part of the city to suit purchasers.

In conclusion, he begs to assure the public that from the superior quality of his materials, and facilities for farmishing, he can and will make it to their interests to purrouse the Monterey Quarries.

CAPITAL AND SUBBLES,

**INE above are First Class, justly popular, and prompt paying companies. They invite investigation into their condition and solicit business entirely upon their real merits. In point of solvency and reliability and honorable dealing, they have but few equals, and no superiors. They are founded upon the very best securities in the world—first class bonds and morgages upon property in New York and Brooklyn—securities that have not, for the past ten years, depreciated below par, and are every way more reliable and permanent than railroad, bank, and other stocks, which are subject to the fluctuations of the market, and liable, in times of panic, as the experience of the past teaches, to become almost, if not entirely, valueless. And while there are Companies entering the field of competition, well calculated to mislead by publishing partial and one-sided statements of their condition, and without a cash surphic on hand sufficient to reinsure their outstanding ricks, the above named companies always have and keep over and above their capital factor, and with such a condition, they claim the right to look with confidence to the public for liberal patronage.

Policies issued without delay, and farms risks for a series of years taken at less rates than can be done by Matual Companies, and a certainty given instead of an uncertainty. All losses promptly adjusted and paid. CAPITAL AND SURBLUS, ____

The Jerry Boyd Kidnapping Case.

ARREST OF THE KIDNAPPERS-THEIR ESCAPE—RETURN OF THE KIDNAPPED PER-SONS TO GALENA. - The Galena Courier of last evening says:

The gentlemen who left here a few days ago, in pursuit of the two negroes who had been kidnapped from this place, a short line since, returned this morning, bringing with them the two negroes they were in pursuit of, and, also, another which hal been pun. La Crosse, St. Paul and also, another which hal been pun. La Crosse, St. Paul and also, another which hal been pun. La Crosse, St. Paul and also, another which hal been pun. La Crosse, St. Paul and also pun. La Crosse, St. Paul and also pun. La Crosse, St. Paul and also punched by the punched by kidnapped by the same persons, some six weeks before, from Dubuque, Iowa. They were decoyed away by a man calling himself George Wilder, who was properly named John Goodwin, and who was accompanied by his father-in-law, named Peter L. Boulton, both residents of Caldwell county, Missouri. These two men murdered Jerry Boyd, one of the kidnapped negroes, on the 30th of September last, near Iowa City, Iowa. These men are respectably connected in Buchanan county, Mo., about fourteen miles south of the city of St. Joseph.—
They were both arrested near St. Joseph. One of them, Boulton, the first captured, was committed to jail, in St. Joseph, on the charge of kidnapping, in default of \$2,000 bail. The other, Goodwin, was taken charge of by the gentlemen from this city, who brought him within forty miles of Hannibal, Mo., on their way to this place, where he slipped his irons, and jumped from the car

window, while the train was running at the rate of 13 miles an hour, and escaped. About two months ago they succeeded in decoying away a woman from Dabaque, named Mary Baker, and lately took from this place Mary Boyd, wife of Jerry Boyd, who was murdered, and a mulatto girl about 14 years old, the daughter of a colored wo-man in this vicinity. When the gentlemen from Galena arrived where these negroes were, the bargain was made, and the negro buyer was at St. Joseph getting the money to pay for them. The price for them was \$1,700. In the meantime the fact of the murder of Jerry Boyd came out through Mary Boyd, his wife, and information was sent here of the whereabouts of the negroes

How Jerry Boyd was murdered, is thus stated: We understand Mrs. Boyd states that when the party had travelled three days out from Galena, they encamped over night about sixteen miles from Iowa City. Here some movements made by Goodwin and Boulton excited the suspicious of Jerry that all was not right, and he loaded his gon and revolver in the presence of the kidnappers. The next morning Goodwin and Boulton held a consultation, Goodwin urging the ne-cessity of getting rid of Jerry by killing him. While Jerry was sitting down near the wagon, Goodwin stepped up to him, saying, "Jerry, I am alraid of you," and itred, first shooting him in the breast and then in the head. The murder was committed in presence of Mrs. Boyd and the mulatto girl.

A SCENE IN A HOOSIER COMMON COUN-II .-- A very amusing incident occurred at the last meeting of the common council of Jeffersonville, Indiana. After the preliminary affairs of the council were gone thro with a member arose and stated that the increase of population—and consequently of Michigan Central and Great Western crime in Jeffersonville, demanded the speedy (Canada) Railway. crime in Jeffersonville, demanded the speedy building of a new jail. The speaker presented to the council, in such an impressive manner, the dilapidated and unsafe condition of the jail, and the exposure of the community to injury at the hands of the escaped prisoners, that they really began to believe that a new jail was indispensable, whereupon a member arose and requested the gentleman who had made the motion to state where he would propose to locate the new building, the style of architecture, probable cost, when to be built, &c. The member, with profound dignity—evidently feeling the responsibility that rested upon him -arose, and, with great earnestness, said : I propose that a new jail be immediately built; to be located where the old jail now stands; the material of the old jail to be used in building the new one; and that the old fail remain standing until the new one is built!" The effect of this speech on the 'sage men of the council" can be better

imagined than described. AFRAID OF SNAKES.—There is the greatest coward about snakes up in Calhonn that lives in America. He came from the east last spring and bought a farm, and for the first six months in the county he hardly slept two hours a night. He had a fine patch of cats on his farm, but was afraid to cradle it. One day he concluded he would take a look to see if there were any snakes in the patch; so he got his old horse and led him through the gap, and laying up the fence to keep the hogs out, he took an old soythe snath in his hand to fight with in case of an attack, mounted the horse, and struck out into the oats, holding his legs high as possible. He hadn't gone far before when he saw a whaling big snake, slipping along the oats after him. Away he went, round and round the patch, and away went the snoke right along with him, sometimes on one side and sometimes on the other, sometimes behind and sometimes before. He couldn't get out of the lot because the fence was up, and as the snake rept constantly with him, there was no chance but to urge the old horse and try to keep out of its way. He went it that way till every stalk of oats was trampled down. and until the horse was just about dead, when he discovered that he had been run-CIONSISTING in part of all Sizes and Styles of ming away from the shadow of his scythe snath!

A cave has been discovered in Alachua county, Florida, which is described as larger than the Mammoth cave of Kentucky, and as having an ancient Latin inscription on the walls, which states that a party of Danes had visited this cave in the year 1050, and that a priest who accompanied them had left this memorial of their visit. The name of this priest was Marcus Poleus. It also stated that these bold navigators had embarked on a voyage of exploration, and had been driven far south; also that they had visited many large islands, and finally had landed in a thickly populated country, where the people had received them kindly, thinking them superior beings; that several of their number, together with some Greek ar-tisans and two priests, had been left there as a colony. Is this a relic of the party that the Mexicans say visited them 400 years before Cortez landed and taught them the arts of civilized life, or is it a humbug?

The advices from Georgia and Louisiana leave no reasonable doubt that both will give their electoral votes to Breckinridge and Lane. There will be only a small "scattering" vote for Douglas in either of those states.

The True Issue.

I believe this government cannot endure permanently half slave and half free. I do not expect the Union to be dissolved—I do not expect the house to fall—but I do expect it will case to be divided. It will become all one thing, or all the other. Either the opponents of slavery will arrest the further spread of it, and place it where the public mind shall rest in the belief that it is in the course of ultimate extinction; or its advocates will push it forward, till it shall become alike lawful in all the states, old as well as new—north as well as south.—Abraham Lincoln.

WE MUST PREVENT THE REVIVAL OF THE AFRICAN SLAVE TRADE, AND THE ENACTING BY CONGRESS OF A TERRITORIAL SLAVE CODE. WE MUST PREVENT EITHER OF THESE THINGS BEING DONE BY CONGRESS OR COURTS. THE PEOPLE OF THESE UNITED STATES ARE THE RIGHTFUL MASTERS OF BOTH CONGRESS AND THE COURTS, NOT TO OVERTHROW THE CONSTITUTION, BUT TO OVERTHROW THE MEM WHO PERVERT THE CONSTITUTION.—Lincoln.

Bancroft vs. Douglas. Mr. Donglas once made a speech to a "Grand Jury" at Springfield, Ill., in which he laid down the doctrine that "all men" are not created equal, as the Doclaration of Independence affirms, but that the principle asserted in that instrument was "that a British subject born on American soil, was equal to a British subject born in England." According to this very exclusive idea there are no people on earth now to which the Declaration applies except those who were British subjects born on American soil. It appears, therefore, that Americans who were not British subjects when they were born, as well as Germans, Scandinavians. Irish, French, Africans, and indeed all other nations, have nothing to do with the

Fourth of July. Mr. Bancroft, the historian, who has been a life long democrat, but not of the Douglas school, has a more enlarged view of the Declaration of Independence, and may be supposed to know quite as much about the history of that immortal instrument as

Douglas, says: The heart of Jefferson in writing the dec- quanago. laration, and of congress in adopting it, beat for all humanity; the assertion of right was made for the entire world of man-kind and all coming generations, WITHOUT ANY EXCEPTIONS WHATEVER; for the proposition which admits of exceptions CAN NEVER BE SELF-EVIDENT.—Bancroft's History of the United States, vol. 8, page 472.

This volume has been published since the Dred Scott decision and Douglas' speech at Springfield. It is evident that the greatest of American historians does not agree with the "small giants" of the democratic party in representing that the phrase "all men" in our national charter of liberty, America."

We congratulate the Madison Patriot upon the extraordinary amount of genuine democratic republican truth which it publishes on the first page of its issue of Thursday. It contains the whole of Mr. incorporated into the ordinance of 1787-Lincoln's Cooper Institute speech. It was published under an arrangement with had nothing to do with the ordinance of the Madison Journal, that each paper should 1787. As well might it be said that he had insert a speech selected by the other, in its daily and weekly issue. The Patriot made choice of Mr. Douglas' Milwaukee speech, and the Journal that of Mr. Lincoln delivered in New York city last winter. We think the Journal got much the best of the bargain, as the speech of Mr. Douglas is a very good document for making democrats over into republicans, and had it not been so long we should have published it ourselves for that purpose,

THE POLITICAL CAULDRON.-The New Yord Herald of Wednesday publishes a full report of a grand demonstration held in hat city on Tuesday evening by the Breckthis authority there were 37,000 participants in the demonstration. After this, we shall probably not hear much of the lying charge that the republicans and know nothings are in copartnership .- Free Democrat.

The hope or expectation of our cotemporary that the "democracy" will stop lying, or cease their charges of know-nothingism, is against all reason or experience. The greater the necessity, the more persistent the falsehood. In the face of an open conlition with the know nothings in New York as a distinct party, giving that organization, without even an attempt at concealment; a large fraction of the fusion electoral ticket, the senseless cry of Know nothingism is still kept up against the republicans. It is the last card and will be played with all the desperation of a losing game.

NEGRO EQUALITY.-The following extract is from the Cincinnati Gazette of the 12th inst. It shows "plain as a pike staff' how very much the democrats dislike "nigger" equality:

THE STRAIGHT DOUGLAS MEN OF PENN-SYLVANIA.—The withdrawal of the straight Douglas electoral ticket in Pennsylvania gives great dissatisfaction to the Douglas men of the Forney stamp. The Press says sents the 6th district on the Lincoln and those who did it committed a grave blunder, Hamlin electoral ticket in Massachusetts. and adds "That Pennsylvania will vote for Abraham Lincoln on the first Tuesday in November is as certain as fate." The Press argues that a union of the democracy of Pennsylvania upon the mongrel ticket now in the field, will result in placing the control of the democratic party hereafter in the hands of the Buchanan party, and that "submission to them is after defeat and disgrace." The Press concludes a long article on the subject with the following sig-

nificant declaration : We must have a rallying point. We must have a flag to raise, and a place to plant it upon, and no matter how the future may deal with us, this rallying point, this flag, and place will be found. Mark the prophecy i

FARM MORTGAGES .- Mr. James Matthew. of East Troy, writes to the Wisconsin, that of \$64,000 of mortgages, given to the Milwaukee and Beloit railroad company in that town, \$25,000 have been settled, and he gives the names of the mortgagors. He says that a large amount has also been settled at Delavan, Elkhorn and some at Ma-

It is sometimes said by the Douglasites that popular sovereignty does not begin in a territory until there are a certain number of inhabitants—the number to be fixed by congress. That number is arbritrary, and may be ten or one hundred thousand. This is a very singular kind of popular sovereignty; and it is an exceedingly strange sort of congressional non-intervention when congress must intervene to set non-intervention upon its legs!

Thomas Jefferson was the author of the free soil proviso in the ordinance of was confined to "British subjects born in 1787, and which has since been known as the Wilmot proviso. Mr. Jefferson reported to congress in 1784, a plan for the government of our territories, and one of his propositions was the exclusion of slavery from the territories. Congress rejected the proviso at that time, but it was afterwards and yet Mr. Douglas says that Mr. Jefferson nothing to do with the proviso offered by David Wilmot, although he was the real author of it.

ALL SORTS OF PARAGRAPHS.

We learn from the Bucyrus (O.) Journal that they have got up an oil excitement in inridge democrats, Douglas democrats, and that region. The oil has been discovered know nothings combined. Rev. Thomas Whittemore, a distinguished clergyman of Boston, is so seriously ill that his friends entertain but slight hopes of his recovery.

The N. Y. Tribune learns that a leading regency politician went up the river on Saturday with \$50,000 contributed by bankers and merchants, under the auspices of the H., S. & T. committee, to overthrow the stubborn determination of the voters of the rural district of the state to elect Lincoln and Hamlin. A further sum of \$50,000 is promised.

A NICE PAIR.—Douglas and Johnson are a nicely matched pair. Douglas denies that slavery goes into the territories under the constitution—Johnson affirms that it does. Douglas affirms that the inhabitants of the territories have the right to exclude slavery from them, while in a territorial condition-Johnson denies that they possess this power. Douglas denies that congress can legislate to protect slave property in the territories—Johnson affirms that it can.— Douglas denies the right of a state to cede from the Union (vide his Norfolk speech)-Johnson maintains, as a thing nevto be surrendered, this right. letter of August 30, 1851, published in the Savannah News a few days ago.) Johnson strongly asserts "that the constitution confers the right of protection in he enjoyment of slave property in the territories: but in some manner which Douglas cannot understand, he can satisfy his conscience and his oath in withholding such protection. recollect that on the occasion of the great republican mass meeting at Springfield, an attempt was made to turn off an excursion rain on the St. Louis, Alton & Chicago R. R, by removing a rail. The displacement of the rail was discovered by an employee of the company a short time before the train would have passed over the place.— The rail was taken up on the approach to a bridge, and the running off of the train must have resulted in a fearful loss of life. By running forward and signaling the train with a lantern, the contemplated accident was avoided.

Immediately after the fact became known to the officers of the road, C. P. Bradley of Chicago was employed to investigate the matter, and if possible to bring the guilty parties to justice. He has succeeded so far as to lodge in the jail of Sangamon county one James Kennedy, the man who tore up the rail-declaring with an oath, at the time he committed the murderous act, that he would "kill some of the d—d black re-

publicans to-night."

Some republicans may think that no special effort is necessary to carry Wisconsin. This is true; but we do not like to see our state fall behind Illinois, Indiana, hundred inhabitants, twenty-five were sent Michigan and Iowa in her majority for Lincoln. Another thing-we want a majority of the popular majority in the Union for Houest Old Abe. Let us work for that in Wisconsin, as well as for the election of the republican electoral ticket.

> If slaves are property the same as horses, oxen, dry goods and liquors, as the lemocrats assert, why has no democratic administration ever demanded of England the return of the thousands of fugitive slaves in Canada? The truth is the civilized world denies that there can be property in man; and even a democratic administration would be ashamed to take the ground that a human being should be given up by a foreign government under the pleathat his owner was entititled to him.

THE LAST OF THE ATLANTIC CABLE.—Captain Kell and Mr. Varley, who have been trying to raise the American end of the Atlantic cable, found it broken every wo or three miles, and have abandoned the attempt. The rock-weed and animalcules adhering to it on same portions of the recovered, prove that there are rocks at the bot om although mud is shown on the charts out even where it came out of the mud, the outer coating frequently parted while being hauled in. In some places the iron wires were coated with copper, from veins of that ore in Trinity Bay. The gutta percha and the copper wire are good as when laid down, and those portions of the cable which were wrapped with tarred yarn were sound and free from rust.

DASTARDLY OUTRAGE.—The Wide-Awake demonstration at West Point, Indiana, on Saturday night, was interrupted by a party of Douglas rowdies, with unearthly hooting as the procession passed through the town and after the speaking had commenced sev eral stones were thrown into the crowd, one of which took effect on the head of a little boy, the son of a respectable widow lady of that township, inflicting a severe wound. Judge Jones, president of the wide awakes, mounted the stand, and offered a reward of ten dollars for the person who had thrown the missile, and James Tullis, Esq., offered to increase it to twenty-five dollars. Judge Jones gave the rowdies fair warning that he not be responsible for the consequences if the dastardly outrage was repeated.
The Douglas rowdies, finding discretion

the better part of valor, subsided, and for the remainder of the evening gave the Wide Awakes a wide berth.—Lafayette Courter. A radish weighing eighteen pounds, has

The True Issue.

I believe this government cannot endure permanently half slave and half free. I do not expect the Union to be dissolved—I do not expect the house to fall—but I do expect it will case to be divided. It will become all one thing, or all the other. Either the opponents of slavery will arrest the further spread of it, and place it where the public mind shall rest in the belief that it is in the course of ultimate extinction; or its advocates will push it forward, till it shall become alike lawful in all the states, old as well as new—north as well as south.

—Abraham Lincoln.

WE MUST PREVENT THE REVIVAL OF THE ICAN SLAVE TRADE, AND THE ENACTING CONGRESS OF A TERRITORIAL SLAVE CODE BY CONGRESS OF A TERRITORIAL SLAVE CUBE. WE MUST PREVENT EITHER OF THESE THINGS BRING DONE BY CONGRESS OR COURTS. THE PEOPLE OF THESE UNITED STATES ARE THE RIGHTFUL MASTERS OF BOTH CONGRESS AND THE COURTS, ANOT TO OVERTHROW THE CONSTITUTION, BUT TO OVERTHROW THE MEN WHO PERVERT THE CONSTITUTION.—Lincoln.

Baneroft vs. Douglas.

Mr. Douglas once made a speech to "Grand Jury" at Springfield, Ill., in which he laid down the doctrine that "all men" are not created equal, as the Declaration of Independence affirms, but that the principle asserted in that instrument was "that a British subject born on American soil, was equal to a British subject born in England." According to this very exclusive idea there are no people on earth now to which the Declaration applies except those who were British subjects born on American soil. It appears, therefore, that Americans who were not British subjects when they were born, as well as Germans, Scandinavians, Irish, French, Africans, and indeed all other nations, have nothing to do with the Fourth of July.

Mr. Bancroft, the historian, who has been a life long democrat, but not of the Douglas school, has a more enlarged view of the Douglas, says:

The heart of Jefferson in writing the declaration, and of congress in adopting it, beat for all humanity; the assertion of right was made for the entire world of man-kind and all coming generations, WITHOUT ANY EXCEPTIONS WHATEVER; for the proposition which admits of exceptions CAN NEVER BE SELF . EVIDENT .- Bancroft's History of the United States, vol. 8,

This volume has been published since the Dred Scott decision and Douglas' speech at Springfield. It is evident that the greatest of American historians does not agree with the "small giants" of the democratic party in representing that the phrase "all men" in our national charter of liberty, was confined to "British subjects born in

America." We congratulate the Madison Patriover into republicans, and had it not been

THE POLITICAL CAULDRON .- The New Yord Berald of Wednesday publishes a full report of a grand demonstration held in that city on Tuesday evening by the Breckiuridge democrats, Douglas democrats, and know nothings combined. According to this authority there were 37,080 participants in the demonstration. After this, we shall probably not hear much of the lying charge that the republicans and know-nothings are in copartnership .- Free Democrat.

The hope or expectation of our cotemporary that the "democracy" will stop lying, or cease their charges of know-nothingism, is against all reason or experience. The greater the necessity, the more persistent the falsehood. In the face of an open coalition with the know nothings in New York as a distinct party, giving that organization, without even an attempt at concealment, a large fraction of the fusion electors. lticket, the senseless cry of Know nothingism is still kept up against the republicans. It is the last card and will be played with all the desperation of a losing game. groes, or the plantation?

NEWSPAPER IMPROVEMENT .- We have neglected to notice for a day or two an improvement in the Chicago Press and Tribune. It has appeared in new type throughout, and its mechanical execution now fitly corresponds with the excellence and ability which characterises its general character A portion of its title has been dropped, on account of the inconvenience of a double name, and it hails to the name of "Tribane."

By request, and through personal courte-sy to Mr. Williams, we insert the following: By arrangement of the republican state central committee, C. G. Williams, Esq., will speak at the following times and places before the election:

MEETING AT CLINTON .- The large hall at Clinton Junction was crowded last Tuesday evening for a public discussion between Messrs. Graham and Cassoday of this city and Messrs. Rockwell and O'Conner of Beloit. The two latter gentlemen did not, however, attend, and the meeting was addressed by Mesers. Graham and Cassoday. Mr. Charles Wooster and several other residents of the vicinity made some brief remarks. The right spirit was manifested, and the republicans of Clinton and Turtle will give a good account of themselves when the votes are counted.

MEETING AT CENTRE. -- Messrs. Sloan and Comstock were at Footville last evening, and addressed the republicans of that locality. Centre does not poll as many votes as some towns in the county, but what she does give is of the right sort. She will have all her republicans out this fall, and will make a handsome contribution to the majority in the county.

S. D. HASTINGS & C. G. WILLIAMS. Monday evening, November 5th.-business meeting and short addresses by home speakers. The Hon. Luther Hanchett has promised to be here during the week.

A short time only remains to complete campaign. We earnestly request every republican to attend the above. meetings and come forward and assist in the work to be done. The city is to be canvassed, arrangenents are made to get out the entire republican vote, and a general preparatory work for the day of election. There is no time to be lost.

Active and untiring exertion should characterize the action of all and every one.-We hope no republican will fail to do his duty from this time until election. The victory is conceded to us by our opponents. One more effort and the day is surely our own. To the work, then, earnestly and zealously, with the determination to bury the corrupt and tyranical dynasty of James Buchanau, as well as the hydra-headed democratic party, so deep beneath the triumph of liberty, right and justice, that the trump of the last meeting adopting the report of of Gabriel on the morning of the resurrection will fail to resuscitate them again .-Come, then, republicans, to the combat .-The ladies are respectfully invited to attend

these meetings.

The True Issue.

I believe this government cannot endure permanently half slave and half free. I do not expect the Union to be dissolved—I do not expect the house to fall—but I do expect it will cease to be divided. It will become all one thing, or all the other. Either the opponents of slavery will arrest the further spread of it, and place if where the public mind shall rest in the belief that it is in the course of ultimate extinction; or its advocates will push it forward, till it shall become alike lawful in all the states, old as well as new—north as well as south. will push it forward, it is a successful as south, all the states, old as well as new—north as well as south, —Abraham Lincoln.

WE MUST PREVENT THE REVIVAL OF THE AFRICAN SLAVE TRADE, AND THE ENACTING BY CONGRESS OF A TERRITORIAL SLAVE CODE. WE MUST PREVENT EITHER OF THESE THINGS WE MUST PREVENT EITHER OF THESE THINGS BEING DONE BY CONGRESS OR COURTS. THE PEOPLE OF THESE UNITED STATES ARE THE RIGHTFUL MASTERS OF BOTH CONGRESS AND THE COURTS, NOT TO OVERTHROW THE CONSTITUTION, BUT TO OVERTHROW THE MEN WHO PERVERT THE CONSTITUTION.—Lincoln.

Bancroft vs. Douglas.

Mr. Douglas once made a speech to a "Grand Jury" at Springfield, Ill., in which he laid down the doctrine that "all men" are not created equal, as the Declaration of Independence affirms, but that the principle asserted in that instrument was "that a British subject born on American soil, was equal to a British subject born in England." According to this very exclusive idea there are no people on earth now to which the Declaration applies except those who were British subjects born on American soil. It appears, therefore, that Americans who were not British subjects when they were born, as well as Germans, Scandinavians, Irish, French, Africans, and indeed all other nations, have nothing to do with the Fourth of July.

Mr. Bancroft, the historian, who has been las school, has a more enlarged view of the waukee and Beloit railroad company in that vice president." Declaration of Independence, and may be town, \$25,000 have been settled, and he supposed to know quite as much about the gives the names of the mortgagors. He history of that immortal instrument as says that a large amount has also been set-Douglas, says:

The heart of Jefferson in writing the dec- quanago. laration, and of congress in adopting it, beat for all humanity: the assertion of right was made for the entire world of mankind and all coming generations, WITHOUT ANY EXCEPTIONS WHATEVER; for the proposition which admits of exceptions CAN NEVER BE SELF-EVIDENT.—Bancroft's History of the United States, vol. 8,

This volume has been published since the Dred Scott decision and Douglas' speech at Springfield. It is evident that the greatest of American historians does not agree with the "small giants" of the democratic party in representing that the phrase "all men" in our national charter of liberty, was confined to "British subjects born in America."

We congratulate the Madison Patriot upon the extraordinary amount of genuine democratic republican truth which it publishes on the first page of its issue of Thursday. It contains the whole of Mr. Lincoln's Cooper Institute speech. It was published under an arrangement with the Madison Journal, that each paper should insert a speech selected by the other, in its daily and weekly issue. The Patriot made choice of Mr. Douglas' Milwaukee speech, thor of it. and the Journal that of Mr. Lincoln delivered in New York city last winter. We think the Journal got much the best of the bargain, as the speech of Mr. Douglas is a very good document for making democrats over into republicans, and had it not been so long we should have published it ourselves for that purpose.

THE POLITICAL CAULDRON.—The New Yord Herald of Wednesday publishes a full report of a grand demonstration held in that city on Tuesday evening by the Breck-inridge democrats, Douglas democrats, and know-nothings combined. According to this authority there were 37,000 participants in the demonstration. After this, we shall probably not hear much of the lying charge that the republicans and know-noth-

ings are in copartnership .-- Free Democrat. The hope or expectation of our cotemporary that the "democracy" will stop lying, or cease their charges of know-nothingism, is against all reason or experience. The greater the necessity, the more persistent the falsehood. In the face of an open coalition with the know nothings in New York as a distinct party, giving that organization, without even an attempt at concealment, a large fraction of the fusion electoral ticket. the senseless cry of Know nothingism is still kept up against the republicans. It is the last card and will be played with all the desperation of a losing game.

Verily, this statement is very encouraging for the prospect of the "democracy" carrying the state against Lincoln-over the left!

NEGRO EQUALITY.—The following ex. tract is from the Cincinnati Gazette of the 12th inst. It shows "plain as a pike staff" how very much the democrats dislike "nigger" equality:

[From a Letter to a Gentleman in Cinciunati.] RIPLEY, O., Oct, 10. We have reliable returns from five districts in Brown county, which give White, democrat, for representative in congress, an aggregate majority of little more than 150. The usual democratic majority has exceed. ed 500. There were about 950 votes polled here; among them seven by negroes or mulattoes, five of whom voted the entire democratic ticket. Which party is the "nig

ger" party now? DEMOCRATIC ROWDIES .- Dennis Kane and Edward Burke were arraigned in the Milwaukee municipal court, Thursday, for disturbing the republican celebration the preceding evening. Burke was arrested for throwing the stone which hit Richard Westlake, and Kane for having used insulting and ruffianly language which had a tenden cy to create a disturbance. Mr. Doran appeared for the defendants, and requested a | fled the state. continuation for a week as some friends of defendants who were lost on the Lady Elgin to the union savers, with the hope of being had been found, and they were desirous to returned by them again, has been deserted ordered, and that the prisoners give bail in the sum of \$50, and be kept in the charge

THE STRAIGHT DOUGLAS MEN OF PENN-SYLVANIA .-- The withdrawal of the straight Douglas electoral ticket in Pennsylvanie gives great dissatisfaction to the Douglas men of the Forney stamp. The Press says those who did it committed a grave blunder. and adds "That Pennsylvania will vote for Abraham Lincoln on the first Tuesday in November is as certain as fate." The

Press argues that a union of the democracy of Pennsylvania upon the mongrel ticket now in the field, will result in placing the control of the democratic party hereafter in the hands of the Buchanan party, and that "submission to them is utter defeat and disgrace." The Press concludes a long article on the subject with the following significant declaration:

We must have a rallying point. Wo must have a flag to raise, and a place to plant it upon, and no matter how the future may deal with us, this rallying point, this flag, and place will be found. Mark the prophecy!

It is sometimes said by the Douglasites that popular sovereignty does not begin in a territory until there are a certain number of inhabitants-the number to be fixed by congress. That number is arbritrary, and may be ten or one hundred thousand. This is a very singular kind of popular sovereignty; and it is an exceedingly strange sort of congressional non-intervention when congress must intervene to set non intervention upon its legs!

A NICE PAIR .- Douglas and Johnson are a nicely matched pair. Douglas denies that slavery goes into the territories under the constitution-Johnson affirms that it does. Douglas affirms that the inhabitants of the territories have the right to exclude slavery from them, while in a territorial condition—Johnson denies that they possess this power. Douglas denies that congress can legislate to protect slave property in the territories-Johnson affirms that it can .-Douglas denies the right of a state to secede from the Union (vide his Norfolk speech) -Johnson maintains, as a thing nev er to be surrendered, this right. (See his letter of August 30, 1851, published in the Savannah News a few days ago.) Douglas says "it is difficult to conceive how any person who believes that the constitution confers the right of protection in the enjoy ment of slave property in the territories, can satisfy his own conscience and his oath of fidelity to the constitution in withholding such congressional legislation as may be essential to the enjoyment of such right under the constitution.

Johnson strongly asserts "that the constitution confers the right of protection in the enjoyment of slave property in the territories; but in some manner which Douglas cannot understand, he can satisfy his conscience and his oath in withholding such protection. Douglas would coerce the state of Georgia, for instance, into submission in the Union, should she attempt to secede from the Union-force her, at the point of the bayonet, to remain in the Union. Johnson would die to maintain her right to go out peaceably whenever, in the exercise of her sovereign power, she may see fit to do so. Such are the men whom the squatters are supporting. And they are doing all for principle, too!—Savannah News.

IMPORTANT ARREST.—Our readers will recollect that on the occasion of the great republican mass meeting at Springfield, an attempt was made to turn off an excursion train on the St. Louis, Alton & Chicago R. R. by removing a rail. The displacement of his employer's slaves out of a feeling of of the rail was discovered by an employee revenge against their master, near Baton of the company a short time before the train would have passed over the place .-The rail was taken up on the approach to a bridge, and the running off of the train must have resulted in a fearful loss of life. By running forward and signaling the train with a lantern, the contemplated accident was avoided.

Immediately after the fact became known to the officers of the road, C. P. Bradley of Chicago was employed to investigate the matter, and if possible to bring the guilty parties to justice. He has succeeded so far Iowa has failed. The Bell-Everett and as to lodge in the jail of Sangamon county one James Kennedy, the man who tore up the rail-declaring with an oath, at the time he committed the murderous act, that he would "kill some of the d-d black republicans to-night."

We trust such punishment will be meted out to him as the enormity of the offense and a due regard for the lives of citizens require.—Chicago Journal.

Some republicans may think that no special effort is necessary to carry Wisconsin. This is true; but we do not like to see our state fall behind Illinois, Indiana, Michigan and Iowa in her majority for Lincoln. Another thing-we want a majority of the popular majority in the Union per, were burned to death near Elkton, for Houest Old Abe. His wife is desirous of ascertaining where he is, and any one giving information conceroing him will confer a great favor on his friends. Address Mrs. Graves, Beloit, Wis.

NEWSPAPER IMPROVEMENT .- We have neglected to notice for a day or two an improvement in the Chicago Press and Tribune. It has appeared in new type throughout, and its mechanical execution now fitly corresponds with the excellence and ability which characterises its general character. A portion of its title has been dropped, on account of the inconvenience of a double name, and it hails to the name of "Tribune."

From the Dally Democrat. Political Appeintments.

By request, and through personal courteay to Mr. Williams, we insert the following: By arrangement of the republican state central committee, C. G. Williams, Esq., will speak at the following times and places before the election: Jefferson, Friday evening, Oct. 26, 1860.

MESTING AT CLINTON,—The large hall at Clinton Junction was crowded last Tuesday evening for a public discussion between Mesers. Graham and Cassoday of this city and Messrs. Ruckwell and O'Conner of Beloit. The two latter gentlemen did not, however, attend, and the meeting was addressed by Memrs. Graham and Cassoday. Mr. Charles Wooster and several other residents of the vicinity made some brief remarks. The right spirit was manifested, and the republicans of Clinton and Turtle will give a good account of themselves when the votes are counted.

MRETING AT CENTRE.—Messrs. Sloan and Comstock were at Footville last evening, and addressed the republicans of that locality. Centre does not poll as many votes as some towns in the county, but what she does give is of the right sort. She will have all her republicans out this fall, and will make a handsome contribution to the

The city is to be canvassed, arrangements are made to get out the entire republican vote, and a general preparatory work for the day of ection. There is no time to be lost.

Active and untiring exertion should characterize the action of all and every one .-We hope no republican will fail to do his duty from this time until election. The victory is conceded to us by our opponents. One more effort and the day is surely our own. To the work, then, earnestly and zeulously, with the determination to bury the corrupt and tyranical dynasty of James Buchanan, as well as the hydra-headed democratic party, so deep beneath the triumph of liberty, right and justice, that the trump of the last meeting adopting the report of of Gabriel on the morning of the resurrection will fail to resuscitate them again .--Come, then, republicans, to the combat,-The ladies are respectfully invited to attend

Continental Insurance Company. This prosperous corporation, in order to meet its present and growing wants, has just completed the purchase of the desirable property known as No. 102 Broadway and No. 1 Pine street. Possession will be given on or before the 1st of May next, when we learn a new and beautiful structure will at once be erected, suited to the requirements of the Company. No institu-tion of a similar character in the nation, all things considered, can boast of such an unparallelled prosperity as can this. Commencing with a cash capital of half a mil lion of dollars, it has steadily and rapidly grown, until its available assests now amount to about one million. The officers and directors are known all over the country as among the leading influential busi ness men and capitalists of this city. No better, safer, or stronger Insurance Compa ny exists than the Continental. May it live and grow a thousand years, and-continue to pay fat dividends .- New York Inde-
